WITHHOLDS DECISION

Judge Hough to Render Opinion in Harriman Case Dec. 1.

ARGUMENT ON WIDE RANGE

Interstate Commerce Commission Seeks to Compel E. H. Harriman to Answer Certain Questions Propounded to Him Last Spring.

New York, Nov. 14.—After seven hours and a half of argument of both sides of the question Judge Hough in the United States circuit court announced that he would not be ready to render a decision on the petition of the interstate commerce commission to compel E. H. Harriman to answer certain questions propounded to him last spring in the course of the commission's investigation into the so-called Harriman lines until Dec. 1. The opposing counsel were given the privilege of filing additional briefs during the next two weeks. The arguments took a wide range and the privileges and powers of the interstate commerce commission were thoroughly gone into. Former Senator John C. Spooner of Wisconsin appeared for the first time in the case and argued in defense of the position maintained by Mr. Harriman, that he is not required to tell the commission what individual profit he made in selling the stock of other railroads held by him to the Union Pacific company or to detail the manner in which the famous 1 per cent Union Pacific dividend was declared in August, 1906, and its announcement deferred for two days. Mr. Harriman has also declined to say how much stock of the Union Pacific, if any, he bought just prior to the announcement of the dividend.

John G. Milburn was also heard in defense of Mr. Harriman and in opposition to the petition filed by the commission. On behalf of the government, represented by the interstate commerce commission, the arguments were conducted by United States District Attorney Henry L. Stampson and Frank B. Kellogg, special counsel to the commission.

ELEVATORS TO BUY GRAIN

Duluth and Minneapolis Managers Issue Instructions.

Duluth, Nov. 14.—A most encouraging piece of news developed when it was learned that all the line elevators in North Dakota and Minnesota have been given instructions by the Duluth and Minneapolis managers to buy all the grain that is offered and to pay the highest price for the same.

Since the recent financial stringency spread over the country more or less risk has attended the situation and no such sweeping instructions were contemplated, but now that the clouds are disappearing and money is loosening up the indications are that until the close of navigation there will be an almost unprecedented activity in the grain movement.

The foreign demand for grain is very strong, providing it can be moved before lake traffic freight ceases. In this connection it might be stated that the jobbers of Duluth and Minneapolis have wired a great many of their customers and salesmen to urge the marketing of wheat at once to the end that the farmers may receive the highest possible prices for the same. If they hold back until navigation closes prices will necessarily be much lower on account of the all-rail haul from the Head of the Lakes to the sea board.

IN FAVOR OF STRIKE.

Louisville Railway Company Men Vote on Proposition.

Louisville, Nov. 14.—By a vote heavily in favor of the proposition the union employees of the Louisville Railway company have decided to strike. The time for putting the strike into effect was left with an executive committee, but it is understood the men who number 850 out of the 1,100 employed, will quit work at once. The men won a partial victory in a strike last April which lasted a week and was attended by scenes of great disorder, but there has been constant friction since.

Thousands of Men Laid Off.

Chicago, Nov. 14.—Large reductions in working forces in many industries in Chicago have been made within the last few days, owing directly to scarcity of orders and business depression. Several hundred men have been laid off in various wood working establishments. The Republic Iron and Steel company's bar iron mill at East Chicago and the Griffin Wheel company's plant have been shut down.

Robbed by Masked Men.

Chilton, Wis., Nov. 14.—John Schuecker, a farmer, drew his entire savings, \$1,800, from the bank here and just as he entered his house two masked men with revolvers demanded that he deliver over the money. He acceded.

CLEARING HOUSE CHECKS

Plan to Be Adopted to Meet Chicago Payrolls.

Chicago, Nov. 14.—At a meeting of the Chicago Clearing House association it was decided, on the recommendation of the clearing house committee, to issue clearing house checks for the purpose of meeting payrolls in Chicago and the surrounding district as soon as they can be prepared. These checks will be in denominations of \$1, \$2, \$5 and \$10 and will be issued by the Clearing House association in payment of clearing house certificates of large denominations which have been previously issued to the banks. For convenience in handling they will be on only four of the leading banks of the city, the First National, Corn Exchange National, Continental National and Commercial National.

The reason for the issuance of the checks is said to be the urgent necessity for some medium of exchange in which large employers of labor can pay their employees and the avoidance of the flotation of a large number of individual checks. The large department stores, which do business mainly on a cash basis, have also demanded that some such steps be taken, saying that if it is not the holiday business in this city will be far below normal because of the scarcity of currency. The general managers of the twenty-three railroads entering Chicago have declared to the Clearing House association that they will issue orders to their employees to take the checks in payment of all railroad business.

MELLEN TALKS TO FARMERS

Railway Magnate Says Financial Troubles Are Spreading.

Hartford, Conn., Nov. 14.—Men prominent in state and municipal government, industry and agriculture spoke words of welcome and encouragement to the members of the National Grange and their friends at a public meeting at Foot Guard hall held in connection with the national convention. The auditorium was crowded. It was expected that Secre-

CHARLES S. MELLEN.

tary of Agriculture James Wilson would be present, but he was unable to attend.

Past Master of the National Grange Aaron Jones of Indiana gave a sketch of the Grange, what it has accomplished and its objects. Mayor Henney, on behalf of the city, was present to greet the delegates.

President Charles S. Mellen of the New York, New Haven and Hartford railroad during the course of his address said:

"The prejudice excited by demagogues and politicians against corporations has now reached a stage when others are suffering. The burden which has rested so heavily upon corporations and those charged with their affairs so long is being distributed and the community will soon have its own troubles to worry about."

"The losses in value, credit and fortune in this country since the beginning of this year have been greater than occurred as a result of the Civil war. This is not a rich man's panic. It is a widespread distress, rapidly extending itself to the farthest sections of this country. Even those who did not know the gun was loaded, whose only thought was sensation and popularity, are becoming sobered by the outlook."

SECURES NECESSARY VOTE

Prohibition Bill Passes the Alabama House.

Montgomery, Ala., Nov. 14.—Securing the necessary two-thirds votes of the members present the house of representatives, by a vote of 63 to 25, passed the statutory prohibition bill introduced by Speaker Carmichael. Hundreds of women spent the entire day at the capitol. The bill prohibits the sale or giving away of intoxicating liquors after Oct. 1, 1908.

Shot to Death by Robber.

Au Sable, Mich., Nov. 14.—John Ferris, assistant agent of the Osceola and Au Sable Steamship company's dock, was shot and killed by a robber. Ferris was alone and unarmed when the man entered and demanded the money in the office. Ferris refused and was shot in the abdomen and back, the man escaping with a few dollars.

WILLIAM FOR PEACE

Emperor of Germany Makes a Friendly Speech in London.

BRITISH PUBLIC SUSPICIOUS

Reception of Royal Visitor Respectful, but No Enthusiasm Shown. Anti-German Feeling in England at Present Time Particularly Strong.

London, Nov. 14.—Emperor William of Germany, the guest of King Edward, made a speech at the Guild hall where he was entertained by the city of London. He urged the strengthening of the Anglo-German relations and emphasized his unalterable desire to foster the peace of the world. The day passed off without the expected socialist demonstration, much less any disorder or rioting.

The reception accorded Emperor William by the people of London has been respectful, but compared to that given some other royal visitors of recent years it was in no sense enthusiastic. The atmosphere which has prevailed during his appearance in public has been tinged with decided coolness and there is no doubt that the English officials are relieved that the passage of the German emperor through the streets of this city was attended by no disagreeable incidents.

The anti-German feeling among a section of the English people, which is just at present particularly strong,

Derived Fresh Impetus

from the antagonism which cropped out between the two nations during the recent peace conference at The Hague. Emperor William evidently intends that his visit shall inspire better feeling, but the results are yet to be seen. However cordial relations between the ruling houses of Great Britain and Germany be the British public does not share the sentiments. A large section, if not a majority of the English people, persist in believing Germany to be Great Britain's one enemy among the nations and this enmity has been fanned recently by continuous warnings from some of the leading newspapers and reviews, as well as from military experts, that Germany's chief naval and military activity is directed to schemes for the invasion of England—that Germany plans to surprise England some day when she is fully prepared to strike suddenly, just as Japan surprised Russia.

"The German invasion" is becoming a hobby of the anti-Germans and a subject of ridicule for the pro-Germans; the idea has, however, unquestionably affected the mind of the public and it is tending to surround with suspicion Emperor William's professions of his desire for peace.

TWENTY ARRESTS MADE.

Alleged Plot to Sell Russian Secrets to Germany.

Warsaw, Nov. 14.—The authorities of this city have made several arrests in connection with a discovery of a sensational plot for the sale and conveyance of a quantity of military documents to Germany. The information upon which the arrests were made was furnished by state detectives. A total of twenty persons were taken into custody, among them being two trainmasters of the Warsaw Vistula railroad line and their wives, who were apprehended at Alexandrow. Luggage of the trainmen was also seized. It consisted of several double bottoms containing the train schedules of the railroads of Poland as well as eight plans setting forth the number, size, speed and capacity of the trains and the hours of their arrivals at the frontier. These documents laid bare the possibilities of concentrating Russian troops in Poland. Following the clues thus obtained the police at once rounded up and arrested all the members of a band of railroad and other officials who have been in the habit in the past of smuggling such information out of Poland into Germany. The most important individual arrested is thought to be M. Schischow, comptroller of the printing plant of the general staff at Warsaw. This man has been engaged recently in active negotiations for the sale of twenty or more original maps of various Russian fortifications.

PRESENTS OBSTACLES.

Germany's Reply to French Note on Moroccan Claims.

Paris, Nov. 14.—The Matin declares that the reply of Germany to the Spanish-Franco note proposing an international commission to examine for damages arising from the bombardment of Casa Blanca by French and Spanish warships, similar to the Alexandria commission of 1882, is most unfavorable. It presents obstacles to the speedy settlement of the question and demands, in addition, a separate German commission to settle the claims of German merchants.

EITHER LOST OR STOLEN

Checks and Currency to Amount of \$22,000 for Payroll.

Trinidad, Colo., Nov. 13.—Checks and currency to the amount of \$22,000 intended to pay the wages of the Carbon Coal and Coke company's miners at Cokedale were lost or stolen while in transit in a stage from the Longdale railroad station to the camp, a distance of only two miles. Charles Macomber, driver of the stage, was arrested on suspicion, but he declares he knows nothing about the supposed theft. The money package had been carelessly thrown with other express matter into the stage.

FARMERS INSTITUTE NOVEMBER 22

Arrangements Have Been Made for an Institute in Brainerd on That Date

TO BE HELD AT COURT HOUSE

A. J. McGuire, of Grand Rapids, and Mr. McLaren, of Wrenshall, to Conduct it

The state officials having in charge the matter of farmers' institutes throughout the state have dated a meeting for Brainerd on Friday, November 22. Mr. A. J. McGuire, manager of the state experimental farm of Grand Rapids, and Mr. McLaren, a prominent and successful farmer of Wrenshall, will conduct the institute. Both of these gentlemen were present at the institute last year and neither are strangers of the people of Crow Wing county. Everyone who attends, whether farmers or not, will find something well worth taking home with them from the institute. Everyone should make arrangements to be present if possible.

The time is short to advertise the institute and it is necessary that every business man who is interested in the agricultural upbuilding of Crow Wing county, as well as every farmer in the county, should take hold with a vim in the work of arousing interest in it. There will be interesting addresses and discussions along the lines of farming in this section, but men who have had practical experience in this section. If you can't learn anything then go and give others the benefit of your experience.

DEERWOOD NOTES

Peter Brandt, Joe Sall, Elmer Olson, James Brownlee, Dalie Wetzel and Mr. and Mrs. P. K. Wetzel were Brainerd visitors between trains on Saturday.

Dad Lechlitter, Beriah McGoffin and C. Musser, from Iowa City, returned from their trip up north on Saturday. They said they found no ducks at all.

Miss Ethel and Marjorie Archibald went to Duluth Saturday morning, returning Sunday evening. They spent the time shopping and sight seeing.

Miss Eva Thompson went to Brainerd on Saturday after a successful 2½ months term of school in the Crone district.

Mrs. Engblom and children and Miss Emily Engblom returned from Bemidji on Saturday, where they spent a week visiting with relatives.

Mrs. Williams went to Aitkin on Thursday with Mrs. Schenck to help her settle in their new home. Mrs. Williams returned on Saturday.

Mr. and Mrs. Jacob Palmer gave a delightful party for the young folks in honor of their son and daughter, Leonard and Delia. They have recently moved into their large new house and have an ideal place for parties and entertainments. Mr. and Mrs. Palmer are a royal host and hostess.

Wm. Graham from Brainerd was a Deerwood visitor between trains on Sunday.

Miss Ellen McCarville came to Deerwood on Saturday to visit with relatives.

Miss Kate Barker came back from McGregor on Saturday.

Mrs. Harry Patterson left on Tuesday evening for Missoula, Mont., where she will visit some time with her daughter, Mrs. F. C. Gormley.

Mr. Trainer was putting up a lot of new blackboard and some new seats at the school house on Saturday. The blackboard was badly needed and a decided improvement.

We understand O. C. Coffin had the misfortune to run two nails in his foot on Saturday evening. Dr. Reid was called and is now getting as well as can be expected. Fortunately the nails were not rusty and he is able to hobble around some. Mrs. Coffin is attending to the business while Mr. Coffin is laid up.

Some of the ladies had a bee at church on Friday and from the way things shine there, one has to admit some good stiff work must have been done, although some of the husbands said they heard a lot of chattering.

Card of Thanks

I wish to extend my heartfelt thanks to the International Order of Machinists, the Modern Brotherhood of America, and to the friends and neighbors who were so kind and those who brought floral offerings at the time of the death of my husband.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COMMERCIAL CLUB REGULAR MEETING

Held at the Club Rooms Wednesday Evening Was an Enthusiastic Gathering

WILL GIVE ENTERTAINMENTS

Club Appoints Committee to Take up Matter of Increasing the Interest

The Commercial club held an enthusiastic meeting in their rooms on Wednesday evening. The evening was devoted mostly to discussing the internal affairs of the club, there being nothing of importance concerning outside matters brought up. It was the unanimous opinion of the members present that the club must go to work to accumulate a fund for use in the outside work of the club and it was decided to give some entertainments for that purpose, R. J. Hartley being on motion of A. L. Hoffman appointed as chairman of such committee with full power to appoint his own associates and assistants. Mr. Hartley accepted the appointment and assured the members present that there would be something doing. It was announced that the last payment on the club fixtures would be made this month and that the club would soon be entirely out of debt with a fine equipment of furniture, etc., paid for.

The matter of entertainment for the members was taken up and after considerable discussion was left with the house committee. It was decided, however, that some systematic effort should be made to interest the club and outsiders in the work.

SAYS IT IS FACT

H. P. Dunn Confirms Guarantee on Hyomei, Cure for Catarrh

The question having been raised as to whether or no H. P. Dunn will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, we want to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues, H. P. Dunn takes all the risk.

If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can loose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but \$1.00; nothing if it fails to cure. Get an outfit from H. P. Dunn today and begin its use at once. 137-139-143

Bald Heads Must Go

Bald Spots, Falling Hair and Dandruff Positively Cured by

Burnham's Hair and Scalp Tonic

Chicago, July 24, 1905.

Dear Sir: After having used your Hair Grower for about six months I can truthfully say it is the most wonderful hair tonic I know of. It has stopped the falling out and the bald spot is entirely covered with a thick natural growth. I am more than pleased with the results. A physician friend who examined my head said hair could not be restored on the bald spot, and the enclosed photo shows that it can be and was restored by your Hair Grower. My hair measures 49 inches and is still growing, has a rich, healthy color, and is admired by all who see it.

I am recommending your tonic to all my friends and acquaintances, and I sincerely wish you the success you and your wonderful discovery deserve.

RUN DOWN BY TRAIN

Six Persons Killed in Railway Accident at Milwaukee.

BODIES BADLY MUTILATED

Factory Hands Were Crossing the Track When Struck by Engine and All Were Instantly Killed and Their Remains Hurlled Into a Crowd.

Milwaukee, Nov. 14.—Six persons were killed outright and half a dozen others more less seriously injured at South Milwaukee in one of the most horrifying grade crossing accidents in the history of Wisconsin railroads. A fast Northwestern train plowed into a group of factory men near the station. All the members of the group were instantly killed and their mangled bodies were hurled behind a train standing on the northbound track, where they struck a group of people, injuring several of them, and others may die. The injured suffered principally from broken ribs or limbs. The bodies of the killed were so terribly mangled that it was with difficulty any of them were identified.

HUGHES SEEKS ADVICE.

Asks Several Bankers to Suggest Financial Legislation.

Albany, N. Y., Nov. 14.—Governor Hughes has given out a letter in which he requests that A. B. Hepburn, Edwin S. Marston, Edward W. Sheldon, Algernon S. Frissell, Stephen Baker and Andrew Mills, all banking or trust company officials of New York city, shall act as a committee for the purpose of collecting facts, receiving suggestions and expressing their views with reference to changes deemed advisable in the laws of the state relating to the incorporation,

CHARLES E. HUGHES.

conduct of business and supervision of banks and trust companies. The governor asks that this committee undertake this work solely as a matter of public service without provision for compensation or indemnity for expenses and says he will be glad to receive its report on or before Dec. 15, 1907. It is believed that all of the men named will serve.

Bankers Held for Trial.

Portland, Ore., Nov. 14.—J. Thorburn Roos, G. H. Hill and T. T. Burkhardt, president, vice president and treasurer respectively of the Title Guaranty and Trust company, which suspended last week, have been bound over to the state court under \$5,000 bonds each. Each waived preliminary hearing. The charges are accepting deposits while knowing the bank was insolvent.

How to Get Rid of Fat

A quick, harmless reducer of fat, called Rengo, has come into popular use which far eclipses any method or treatment heretofore used.

Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercise or starvation dieting to help it out as so many of the so-called fat reducers do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling them up in the form of excess fat.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3151 Remo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores.

For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.

PROVES TEDIOUS TASK.

Work of Securing a Jury to Try Mrs. Bradley for Murder.

Washington, Nov. 14.—The first day of the trial of Mrs. Annie M. Bradley on the charge of murdering former United States Senator Arthur Brown of Utah was consumed in an effort to obtain a jury. When the court adjourned for the day that preliminary work was still incomplete, notwithstanding sixty-one men had been examined as to their competency as jurors. There are eleven men in the jury box, all, however, subject to challenge. The questions put by the attorneys for the prosecution and defense served to define to some extent the lines which will be followed by both sides of the case. It was made evident that the attorneys for Mrs. Bradley will depend on the plea of insanity. If there was any confidence in the plea of justification it was not expressed.

On the other hand, the prosecution manifested apprehension that the jury would be inclined to consider the case under the unwritten law and to shield the defendant from possible capital punishment on account of her sex and the government spared no pains to procure assurance that there were no lurking convictions in the minds of the jurors which would stand in the way of awarding punishment in accordance with the testimony on those accounts. A number of persons were excused because they were opposed to capital punishment for women.

DETECTIVE ON THE STAND

McParland Cross-Examined in Trial of Steve Adams.

Rathdrum, Ida., Nov. 14.—Cross-examination of Detective James McParland has begun in the trial of Steve Adams, charged with the murder of Fred Tyler, the claim jumper. Clarence Darrow, attorney for the defense, went into the history of McParland, following it from the time of his birth to the time of the arrest of Steve Adams. McParland said he went to work for the Pinkerton agency about 1869 and has been with it ever since; became superintendent of the Denver office in 1887 and about 1892 became general superintendent of the Western division. He said he had procured many confessions from men both inside and outside of prisons. In obtaining the confessions he usually told the men that the state as a rule dealt liberally with men who turned state's evidence.

He told of the Molly Maguires and that he was a member of the order for two years and a half for the purpose of obtaining evidence against them and that as a result of his investigations eighteen men were hanged and later five or six more were hanged.

During the cross-examinations Mr. Hawley entered vigorous objections, but they were overruled, the court stating that he proposed to be more liberal than usual in this case.

USING MAILS TO DEFRAUD

President of Interstate Fiscal Agency Company Arrested.

Kansas City, Nov. 14.—J. C. Wilson, president of the Interstate Fiscal Agency company, agents for the Kansas City Life Insurance company in Oklahoma, Kansas and Nebraska, has been arrested on a United States warrant sworn out by a postoffice inspector charging Wilson with using the mails to defraud. The government officials allege that over \$200,000 has been collected by the Kansas City Life Insurance company's Oklahoma, Kansas and Nebraska agents since last January. The formal charge against Wilson as president of the Interstate Fiscal Agency company is that he misrepresented facts to get business. Forty per cent annuum profits were asserted to be earned.

Wilson was taken before a United States commissioner, pleaded not guilty and was released on \$5,000 bail.

DELAY IN THAW CASE.

Probable That Second Trial Will Be Further Postponed.

New York, Nov. 14.—District Attorney Jerome and Martin W. Littleton, leading counsel for Harry K. Thaw, had a long conference on the Thaw case. While neither party to the conference would discuss the matter it is believed it was agreed that the evidence taken before the board of lunacy commissioners which examined Thaw as to his sanity during his first trial should be opened for the benefit of counsel on both sides. The evidence was ordered sealed and has never been seen by either side. It is said that the attorneys will join in a motion that it now be opened.

The case is set for hearing Dec. 2, but it is believed probable that it will be postponed, possibly for a month or more.

WALSH JURY COMPLETED

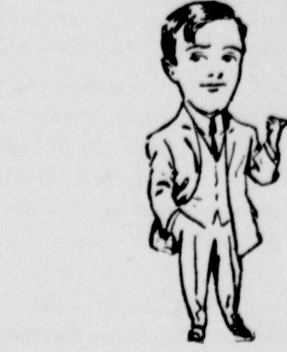

Government Attorney Outlines Case Against Chicago Banker.

Chicago, Nov. 14.—The trial of John R. Walsh, ex-president of the Chicago National bank, now defunct, on a charge of misuse of the funds of the bank, has been formally opened. The jury is completed and Assistant District Attorney Fletcher Dobyins has commenced the preliminary statement in behalf of the government.

The government will attempt to show that Walsh took from the Chicago National bank, the Equitable Trust company and the Home Savings bank \$14,000,000. In his statement Mr. Dobyins declared that Walsh obtained the ownership of very large properties without cost to himself by using the funds of the banks.

Citizens Looking for Kidnapper.

Greenburg, Ind., Nov. 14.—Posses of citizens are scouring the country east of this city for Flossie Mitchell, the eight-year-old daughter of Mr. and Mrs. James Mitchell, who was kidnapped by a stranger while on her way home from school at Newport. Not a trace has been found that would lead to the identity of the kidnapper and no member of the family knows a reason for the abduction. The man used a top buggy and the side curtains were closely drawn.

Freed from Piles

THE JOY OF IT.

The utter misery and despair of the sufferer from piles or hemorrhoids can never be described. Not only the intense itching and stinging, but only the dread of a surgical operation, but the whole system seems to be undermined by this horrible disease.

The joy which cured ones experience on being freed from itching, bleeding and protruding piles is told in thousands of letters received in regard to

Dr. A. W. Chase's Ointment

You need not tell the writers of these letters that there is a case of piles which Dr. A. W. Chase's Ointment will not cure, for they will not believe it. They alone know how they suffered, and also know that this ointment cured them. It brings relief at once. 50 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mr. John Auer, East 5th St., Marysville, Ohio, states:

"For twenty years I could get no relief from itching piles, either from doctors' or other treatments. One box of Dr. A. W. Chase's Ointment positively cured them, to stay cured and the relief and comfort is too great to be described."

Annual Death Rate.

Figuring in a death rate of twenty to the thousand, which is a fair estimate, annual deaths throughout the world amount, in round numbers, to some 31,000,000. If you are seventy years old you can reflect upon the somewhat astounding fact that since you opened your eyes to the light of earth more than 2,000,000,000 of your fellow beings have passed out into the night of death.—Exchange.

Nursing Mothers and Over-burdened Women

Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless remedy to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

"Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distresses low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.
